**MICROFICHE**

## NOW YOU CAN GET **MICROFICHE** SUBSCRIPTIONS TO ANS JOURNALS

Beginning with the 1974 editions, American Nuclear Society journals are available in microfiche as well as printed form — both to be distributed as soon as published. (Microfiche will be sent airmail to U.S. and overseas subscribers at no extra cost.) Microfiche subscription prices and postage for *Nuclear Science & Engineering* and *Nuclear Technology* are the same as printed copy prices.

But you can order print and microfiche subscriptions together and receive a 50% discount on the microfiche price.

Use an ANS subscription order form to begin or renew your subscriptions to these increasingly significant publications — the most authoritative in the nuclear field today.

(Note: ANS expects to offer back-issue microfiche services in the near future. With current issues on microfiche, you will then have access to all ANS journals in convenient microform.)
